

GOM PERSONAL PROTECTIVE EQUIPMENT (PPE) MATRIX

DOCUMENT NO. GOM-MS0602-APC-MTX-00004

This PPE Matrix is a guide displaying the minimum required PPE for specified work. All work should be risk assessed to determine if the job requires PPE different than stated or that which exceeds these guidelines.

Job Task Description	General						Gloves						Inhalation Exposure over PEL														
	Goggles	Faceshield	Capstone Faceshield	Welding Lenses / UV	Double Hearing Protection	Fall Protection	TYVEK	Welding / Thermal	Cut Resistant	Cotton	Leather/Leather Palmed (i.e. Mechanix Style)	Impact	Anti-Vibration	Electrical	Respirators	1/2 Face Mask	Full Face Mask	N (Non - Oil Proof)	P (Oil Proof)	95 (Dust, Fume, Mist)	100 (HEPA)	Organic Vapor Cartridge	Acid Cartridge	Chlorine Cartridge	Radionuclide Cartridge	Air Line	SCBA
Abrasive Blasting (In Respirator Req. Zone)					X					X					X												X
Blow Down	X	X	R							X						O				O							
Breaking Containment in Process Lines	X	X								X	R																
Bristle Blasting	X	X	R							X																	
Changing Filters										X																	
Chemicals (Working with or Transferring) - ALL	X	X																									
Chipping / Chiseling		X								X																	
Compressor - General Maintenance										X																	
Compressor - Valve Maintenance										X																	
Compressor Cylinder Honing										X																	
Compressor Start-Up					X					X																	
Confined Space Work						X				X																	
Cutting new gaskets (non-asbestos)								X						R													
Cutting/Drilling Fiberglass	X									X																	
DA Sanding			X							X																	
Electrical Work - High Voltage													X														
Grinding/Buffering Welds	X	X		X						X				X													
Hammering (light construction work)										X	R																
Hammering (w/sledge hammer; i.e. drill pipe/fittings)	X	X									X																
Heavy Equipment Operation					R						X																
Hot/Cold Tapping										X																	
Installing/Removing Blinds											X																
Launching/Retrieving Pig				X		R				X				R	R							R					
Light Construction Work										X																	
Lighting Heaters/Reboilers										X																	
Loading/Dumping Nuisance Dusts										X				X			X			X							
Manual Handling of Hoses										X	R																
Meter Calibration (Gas)										X																	
Meter Calibration (Liquid)										X																	
Needle Gunning			X							X	R																
Opening Condensate Process (Inlet)										X																	
Operating Valves and Equipment										X	R																
Paint & Solvents (Application, Removal, Cleaning)	X	X																									
Pipe Handling < 2" Diameter (including PVC)										X																	
Pipe handling > 2" Diameter (excluding PVC)											X																
Pipe Thread Cutting								R		R	X																
Pressuring/Depressuring Lines				X						X																	
Relief Valve Testing										X																	
Repairing Equipment Seals										X																	
Replacing Packing, Plungers, Valves										X																	
Scaffold Building - Builder											X																
Scaffold Building - Helper										X	R																
Separating Flanges										X																	
Servicing Meter Runs										X																	
Tank Gauging (Atmospheric)										X				X												X	
UHP Blasting / Pressure Washing	X	X																									
Using Power Tools/Saws					R			R		X																	
Welding and Welding Help			X							X				R			R				R						
Well Servicing / Frac Jobs				X							X																
Work On or Around Hot Surfaces							X			X																	
Working at Heights						X				X																	
Working in Posted High Noise Area				X						X																	
Working off Scaffolding						X				X																	
Working with Insulation (Foam Glass)	X									X																	
Working with Respirable Fibers						X								R	R		R				R						
Working with Sharp Objects							R			X																	

General PPE required includes: FRC / Sport Wrap Safety Glasses / Safety Toed Footwear / Hearing Protection / Gloves in all PPE required areas

X - Minimum Requirement
R - Risk Assess and Document on JSA
O - Optional choice (either is acceptable)
